

## Piriform MSP Program

Integrate the world's most popular PC optimization tool into your existing service offering

Our MSP program helps you maximize profits, add value and provide proactive cleaning - making your service more efficient and competitive.

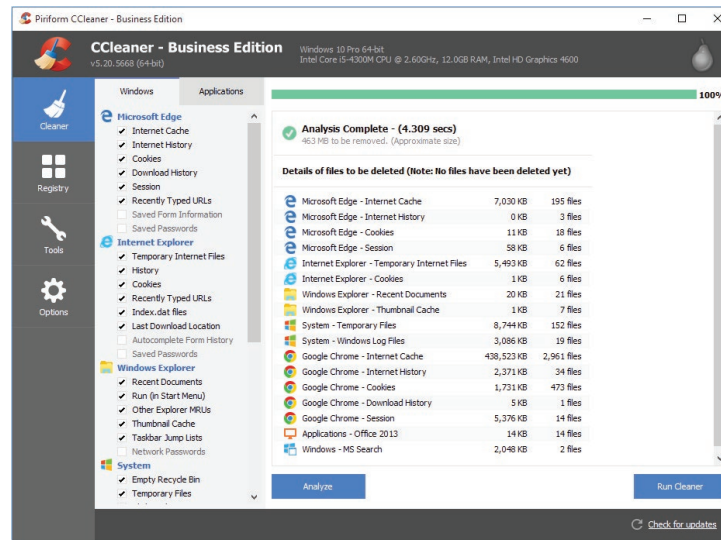

- ✓ MSP discounts
- ✓ Monthly billing
- ✓ Aggregate licenses
- ✓ Transferable licenses
- ✓ Premium partner support
- ✓ RMM integration

### ABOUT OUR MANAGED SERVICE PROVIDER PROGRAM

Piriform's MSP program is specifically tailored to your needs. We offer the flexibility you need to deliver a proactive, reliable and cost-effective service to your clients – whether that means integrating CCleaner into your current RMM, scripting CCleaner Business Edition with your best of breed tools, or cleaning via CCleaner Cloud for Business.

### CCleaner Business Edition

## WHAT YOU GET WHEN YOU JOIN

- 1 | CCleaner** - whichever edition suits your needs best, complete with all the features that help you provide a low maintenance managed service.
- 2 | Premium partner support** - priority email support from our trained technical team.
- 3 | Flexible licensing** - add, remove, or transfer licenses easily from one end user or client to another (we'll keep you updated with your license count).

## WHY JOIN?

- 1 | Save time and money**  
With significant discounts for MSPs and flexible licensing, our program allows you to drive down your costs.
- 2 | Flexibility**  
We offer monthly billing, helping you to manage expenses. Our licenses are fully transferable to help maximize your investment and minimize risk.
- 3 | Automation**  
Reduce the burden to your helpdesk by providing proactive, scheduled cleaning – cutting down on unnecessary tickets and service calls. Whether you are using an RMM platform or standalone tools, Piriform has a solution for you.

**CCleaner works on desktops, servers and virtual endpoints.**
